

Risk assessment of the dental workplace

Suggested questionnaire to help risk assess a workplace

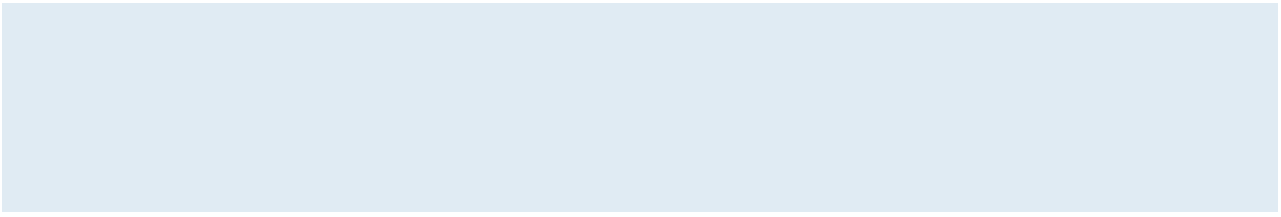

1. Do workplace staff have appropriate knowledge of well-being and mental health, including an understanding of the risks to themselves and to patient safety?

2. Does the workplace support healthy living?

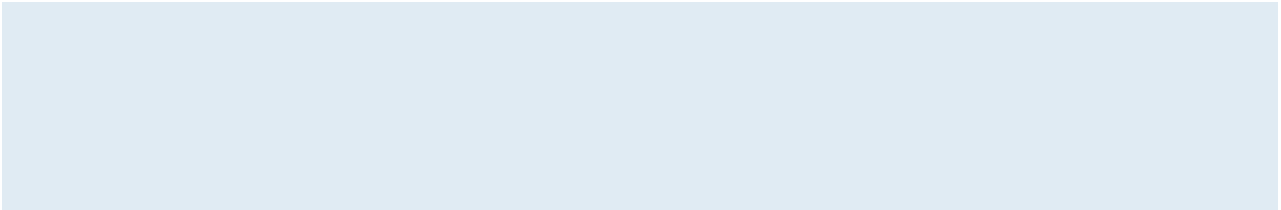

3. Does the workplace encourage good team communication?

4. Does the lead employer/manager look at factors relating to stress?

5. Does the workplace have a wellness lead and/or provide access to wellness support?

6. Does the workplace have a pathway for managing a person in crisis?

Date of assessment: _____
